UPrep Insider

Volume 1, Issue 1

April 2010

Welcome To UPrep!

University Prep High School is known best for preparing students for college. Each step that you take teaches you about the real world and the obstacles you will face. Being apart of this community will guide and help you understand that you can complete anything you put your mind to. Not only is this school good for preparing students it also teaches you the value in relationships and also how to succeed in a professional environment.

Now on road to graduating the 4th senior class,

University Prep has made it a long journey of success. Mostly being know for giving there students the opportunity to experience their future careers while in high school. Teaching them how to present their selves in front of an audience professionally starting

Blue Building

from kindergarten. Having small classes to give the students the time they need to become college ready. Also giving the teachers a chance to have a strong relationship with their students.

Getting Ready For The Next Level

Here at University Prep High School we have college counselors who work one on one with our students. Another year of seniors are preparing to go on to the next level and are in the process of learning day

by day what it takes. Ms. Smith who is are College counselor can help you with any questions or concerns that you may have regarding college along with her assistant Ms. Crosby. Rather its being

undecided about where to go or what's best for you they will work with you until it is clear about what you want for your future.

If you have any questions please contact Ms. Smith and Ms. Crosby in the Purple building on the 2nd floor.

Big Ups To All The SENIORS.!

Congratulations to the seniors who were accepted into the universities that are apart of The Big Ten. Also those who have been accepted into out of state universities.

From One Position To Another

I was glad to interview one of the first generation advisors. Mrs. Evens who has changed her position here at UPrep.

***How long have you been a teacher at UPrep?** *I have worked for UPrep for October 2004 (almost 6 years)*

***From your experience as a advisor what will be some advice you have for new advisors?** *The best advice I would give to a new advisor would be*

to develop healthy relationships with fellow advisors and your students.

***How do you like your new position as a Student Counselor?** *My new position is actually called College Success Counselor and I love it! It gives me the opportunity to witness the continuous growth of the alumni as they attend their post secondary institutions.*

***What have been your best and worst moments at UPrep?** *My best moments at University Prep is attending the graduation ceremonies. I really don't have a "worst moment" but a rather a sad moment and that was saying "goodbye" to my advisory.*

***Would you ever go back to being a advisor after being a counseled?** *Yes, in fact, I am looking to going back into the classroom.*

***How do you feel about the relationships the students can gain with their teacher?** *I believe that building relationships with the students is essential in our advisors. They is a level of trust and support that is built between the student and the teacher that in most cases are difficult to build in other circumstances.*

***Would you recommend any one to take the job as a UPrep advisor?** *Explain why*

I would recommend an individual to work as an advisor at UPrep, if and only if, they are committed, dedicated and ready to challenge students in the classroom..
